A Note from the Designer:

Thank you for downloading this pattern, and wishing you a nice, warm FUCK ICE!

This Rebel Flock project is inspired (and approved) by Becky of quiltbynight and her free Rebel Loon pattern. In the days following her pattern's release, hundreds of quilters were commenting across social media, asking for matching patterns representing their state birds so that they could show the support for the Minnesotans who are being attacked by their own government and NOT BACKING DOWN.

Minnesota, we are so fucking proud of you.

And to you quilters who are here to show your support, great!

And if you have the ability to protest and do so, even better!
If you can donate - huzzah!

If your job in this resistance is spreading awareness, helping to stop the spread of misinformation,

Want to be Part of a Country-Wide Group Project?

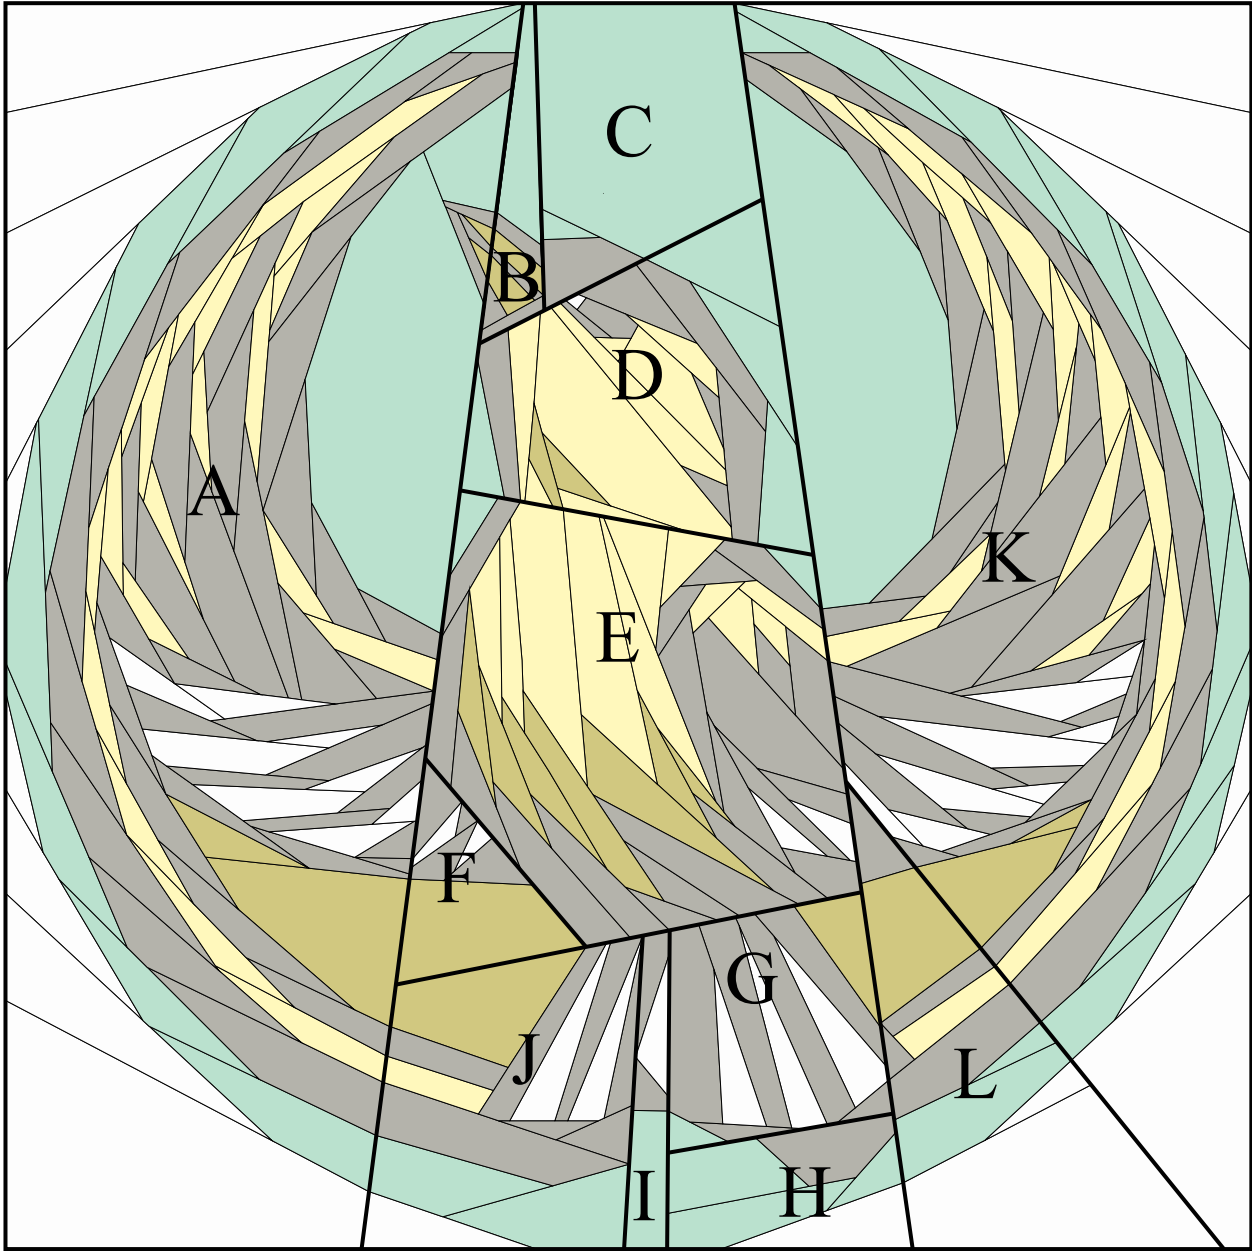

Right now our focus is creating the Rebel Flock patterns. There's a lot of birds to get through, and we want to make sure to cover every state, plus DC, Canada, and, of course, a Bald Eagle

But after we are finished, we will be organizing a Rebel Flock quilt with a block made in each state, to be raffled off so that we can donate the proceeds to an Anti-ICE charity.

More information will be sent out as we have it.
